

A Practical Guide To Airspace

This seminar reviews basic airspace characteristic, while placing emphasis on practical aspects. Topics of discussion include: Florida airspace, VFR operations in class B airspace, class D airports with TRSA, differentiating class E and G airspace and ATC handoff procedures. The information provides an excellent review for both VFR and IFR pilots, as well as student pilots.

Directions: Once on Davis Islands follow signs to airport at the end of the island. Both East and West Davis Island Blvd lead to the airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
